Steamboat Movements.

The fine steamer Laura Lee commenced loading this morning and will leave to-morrow for New Orleans, taking people and freight for all points on the Upper and freight for all poi which had been administered by her own hand the night previous. She was the daughter of Mr. T. H. Metzger, a miller residing at Midway, a village north of Dayton. She came to this city several years ago and has been sinking lower ever since. Several letters were found in her room, directed to friends and relatives, expressing grief for the life she had led.

IF PERCHANCE You have got into trouble, procure a package of SAMARITAN'S GIFT, and you will be all right in two or three days. The complaint, when neglected, or when the quack is visited, and he gives his Balsam Copaiba, often becomes troublesome, and serious complications arise, which prolong the discase for months. Another fallacy is in try-ing to save a few cents, dabble in cheap drugs, which so sicken the stomach, that almost death would be relief. Samaritan's Gift will cure every time, and no trouble
